

Recovery College Online

Course List August to September 2026

What we do

Our website is full of lots of information, tools, and online courses about feeling well and mental health. You can learn about many different topics and read real stories from people.

Anyone can use the website and do our online courses. Create a free account to use the courses. You don't need one to look around the rest of the website.

How to do our courses

If you go to our website (www.recoverycollegeonline.co.uk), at the top of the page it says 'Courses'; click this and it will take you to all the courses you can do on our website.

Once there, choose a course and click take this course. You will then need to create a free online account to be able to do most of our courses.

Next you, will then get an email from us which asks you to activate your account. Once you have done this, you'll be able to do any of the courses that you'd like. You can take the courses in your own time and at your own pace, and if you want to leave a course before you've finished it, when you next log in to your account, you can continue the course where you left off.
